

LAUSING TELLS DR. SOLE TO ADDRESS ALL ALLIES

Says Request for Armistice Modification Has Been Referred to Supreme War Council.

DISAPPROVES WIRELESS NOTES

Secretary of State Informs Germany That Entente Nations Are Acting Together and That Appeal Will Be Forwarded to Them.

[By Associated Press.]
WASHINGTON, November 16.—Secretary Lansing made public today the text of his reply to radio communications from the German government, seeking modification of the armistice with Germany and Turkey. It announced that the requests would be referred to the allied governments and the supreme war council and pointed out that such communications should be sent to the allied governments instead of only to the President or the government of the United States, and should come through established diplomatic channels instead of by wireless.

Mr. Lansing's note, addressed to Minister Sulzer, of Switzerland, follows:
"I should be gratified if you would be good enough to convey the following communication to the German government. The government of the United States has received the radio messages addressed to the President of the United States by the German government relative to relief from certain requirements imposed in the armistice with the German government. The communications which have been received will be forthwith communicated to the other governments with which the government of the United States is associated and also to the governments of the allied nations. The government of the United States takes this opportunity to suggest to the German government that communications of this nature, which pertain to the terms of the armistice or to matters in which all the associated governments are interested, should be sent to all the governments and not addressed alone to the President or government of the United States.
"The government of the United States also desires to call the attention of the German government to the fact that these communications should be presented through established diplomatic channels rather than by direct radio communication."

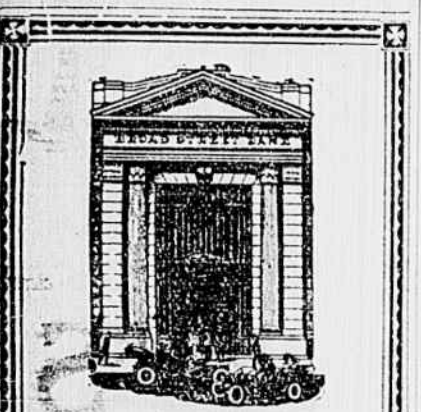

ACCOUNTING EXAMINATION

Two Richmond Men Pass on All Subjects and Several Others Are Successful in Three.

The Virginia State Board of Accountancy, which has been conducting its annual examination during the past four days, has concluded its labors. The following applicants successfully passed the examinations on all subjects, and were issued certificates entitling them to practice as certified public accountants:
John Samuel Walden, Jr., and William Chesley Williams, both of Richmond. Three candidates were unsuccessful in qualifying in three subjects, and may be examined in the fourth at a future examination of the board. They are: P. Stratford, of Lynchburg; C. S. Golden, of Tappahannock, and George T. Durham, of Tappahannock. The subjects in which candidates are examined are: auditing, theory of accounts, practical accounting and commercial law as affecting accountancy.

AMERICAN AND ITALIAN REPRESENTATIVES CONFER

Colonel E. M. House and Baron Sonnino Discuss Preliminaries of Inter-Allied Meeting.

[By Associated Press.]
PARIS, November 16.—Baron Sonnino, the Italian Foreign Minister, had luncheon today with Colonel E. M. House, and while the meeting was largely social, some of the preliminaries of the inter-allied conference and the peace congress were discussed.

Italian Premier Orlando is detained in Italy by the illness of his wife, and the British electoral campaign is largely occupying the time of the British leaders, but prompt telegraphic exchange between the capitals permits the adjustment of many details.

In official exchanges with Washington, Colonel House is able to communicate with President Wilson at the White House within ten minutes.

The conference and exchanges will be suspended Sunday. Colonel House will take a long automobile tour over the Marne battle field and will visit Chateau-Thierry.

It is believed that the informal exchanges will continue until the latter part of November, before the inter-allied conference assembles formally. The voting in the British electoral campaign until December 28 may defer the peace congress beyond that time. A semi-official note, declaring that some countries had chosen their peace plenipotentiaries, has led to much comment on the personnel of the delegations, but no announcements have been made, although it is generally accepted in Paris that President Wilson's Secretary of State Lansing will join Colonel House, with a large staff of secretaries and shipping, food and other experts. Admiral Benson will remain here as naval adviser to Colonel House, that Japanese Ambassador Matsui probably will represent Japan. He formerly was secretary of the Japanese embassy at Washington. Mr. R. Venetico, the Serbian minister, probably will represent Serbia, as Premier Pachitch is ill.

Earl of Reading Recovering.

[By Associated Press.]
LONDON, November 16.—The Earl of Reading, British high commissioner and special ambassador to the United States, is recovering from a sharp attack of influenza contracted on his return from Paris, where he was one of the British delegates at the conference which took place before the armistice between the allies and Germany. The time of his return to America has not been fixed. He will return eventually, although perhaps only for a short season before resuming his duties as lord chief justice. He has acted virtually as a member of the War Cabinet while in England and has participated in its daily sessions. Five times he has arranged to go back to America, but each time his sailing was postponed at the request of Premier Lloyd George.

NOT REQUIRED TO SECURE CONSTRUCTION PERMITS

War Board Makes Exceptions to Rules Which Have Been in Force.

In a letter to George B. Sneed, secretary of the Richmond Real Estate Exchange, William M. Garland, president of the National Association of Real Estate Boards, announces that hereafter no permits or licenses will be required from the non-war construction section of the War Industries Board for the construction, maintenance, improvement or development by Federal, State or municipal authorities of highways, roads, boulevards, bridges, streets, parks and playgrounds; construction, extension, improvement, maintenance or repair of any public utility, including water-supply systems, sewer systems, light and power facilities and street and interurban railways or for the construction of new buildings or for the repairs or additions to existing buildings and structures, in either case involving a cost not to exceed \$10,000.

The letter contains a hint that it is probable that further rulings will be made soon. Mr. Garland transferred his headquarters from Minneapolis, Minn., to Washington and offered the government the services of his organization, of which the Richmond Real Estate Exchange is a member, for the duration of the war free of any charges. The government has availed itself of this offer widely in acquiring property, etc., and the results have been highly gratifying.

TAKE CHARGE OF ACCUSED

Federal Authorities Have Men Who Say They Were Carrying Inducement.

Federal authorities yesterday took charge of H. D. Cooper and W. T. Shipps, both from Roanoke Rapids, N. C., who were arrested Friday night for alleged transportation of liquor. The police claim fourteen quarts of whisky were found in the baggage of the two men, who stated that the liquor was to be used by influenza patients.

TAKING HOPEWELL WORKERS TO OTHER FEDERAL JOBS

Staff of United States Employment Men Takes Over Work of Demobilizing Plant.

[Special to The Times-Dispatch.]
HOPEWELL, Va., November 16.—The demobilization of the great munitions plant of the Du Pont Company was begun today. As fast as men were laid off the job of making gun-cotton they were offered jobs at various government works all along the Atlantic Coast. A staff of agents from the United States Employment Service arrived this morning and the company turned over to them the entire employment organization. Work was at once started on recruiting the Du Pont workers for other important government work, in which there is to be no immediate let-up.

Monday representatives of the Emergency Fleet Corporation will arrive and be given quarters in the employment offices, too.

Both labor and skilled men of all trades are being offered jobs at various places. Daily shipments are to be made.

The first act of recruiting was for 1,000 laborers for construction work in Norfolk, Va., and Suffolk.

The Du Pont management announced that every effort would be made to find a job for every man laid off here because of the gradual shutdown announced Friday by Manager W. F. Allen.

WOULD FETE PRESIDENT

Paris Anxiously Awaits Word That the American Chief Executive Is Coming.

[By Associated Press.]
PARIS, November 16.—The Paris Municipal Council yesterday adopted a resolution to the effect that in the event of President Wilson coming to France a deputation will be sent to greet him on his arrival on French soil and he will be received at a sitting of the council in the Hotel de Ville. A fete will be organized in President Wilson's honor by the municipality.

Mutiny Over in New Hampshire Prison.

[By Associated Press.]
CONCORD, N. H., November 16.—Work has been resumed in the shops of the New Hampshire State Prison after a mutiny which began a week ago. Lieutenant-Commander Thomas Mott Ochoy, commandant of the naval prison at the Portsmouth Navy Yard, who came here to investigate, said today the mutiny was led by forty Federal prisoners from the United States Navy, who took a dislike to a new warden.

WILL RENEW BATTLE FOR FREIGHT RATES

North Carolina Contingent Declares Itself Discouraged Over Stover Progress.

RALEIGH, N. C., November 16.—The members of the Corporation Commission returned today from Washington, where they have been several days making a stand for concessions to North Carolina in the proposed readjustment of freight rates for the entire country by the Federal control of railways. They express themselves as

very much discouraged and fear that the shippers of this State are about to lose not only all they and the commission have been fighting for the past five years, but also, about all the concessions and intrastate rate advantages that were gained in the freight rate compromise with the railroad companies some years ago as well. The commissioners will return to Washington Monday to make a last stand for the adoption of 450 exceptions to the Southern classification of freight rates intended to retain for North Carolina and somewhat equal footing these give with Virginia city and other generally so-called gateway rates.

SALE OF FIRE DAMAGED GOODS

Fire destroyed the building we occupied, with all its contents, on June 23d. We turned the ruins over to the Insurance Underwriters' Salvage Co., to go through the debris and salvage anything of value. All metal goods were soaked in oil to prevent rust, and for practical purposes are as good as new. Some things were only scorched, the labels and paint being still on the packages. This stock has been assembled at 1205 and 1207 East Cary Street, where it may be seen. Experienced men are in charge of the goods and will quote prices. You will find many big bargains in the goods listed below.

Wire Fence and Poultry Netting
All kinds of hog fence, stock fence, poultry fence, poultry netting, ornamental fence, gates, smooth wire, brace wire, etc. Some only partly damaged and practically as good as new. We offer none that will not unroll and is not of some value as fence. All at bargain prices.

Mechanics' Tools
A great many files, rasps, hatchets, hammers, wrenches and tools of this kind and other new ones. Some are only slightly damaged, others very badly damaged. All are offered at bargain prices. Come in and pick out what you want.

Axes
Forty to fifty dozen axes, weights 3 1/2 to 5 1/2 pounds. Our prices about half the cost of new axes. All will give good service. Especially recommended for a chopping axe about the home.

Building Material
Galvanized roof roofing, some of this in very bad shape. If you want some cheap metal roofing take a look at this.

Agricultural Implements
Hundreds of five-tooth and fourteen-tooth cultivators, single and double shovel plows, seven-tooth reverse cultivators, peg mowers, parts of disc harrows, riding attachments, etc. Great many implement repairs, and as mower guards, sections and plates.

Plow Castings
About 20,000 pounds of plow points, mold-boards, landsides, etc., in all Oliver and Dixie plows. All offered at considerable reduction in price.

Household Hardware
Over five hundred Enterprise meat cutters. Enterprise lad presses, hundreds of drip pans and baking pans. Large quantities of enamel ware and assorted table cutlery, nickel plated and silver plated. A large lot of cast iron stove pots and kettles. All at reduced prices.

Blacksmiths' Tools
Goods of the nature of these goods came through the fire in better shape than most. Anvils, drills, forges, screw cutting tools, etc., also great many tongs, nippers, pinners and tools of that kind. These are big values for anyone who has use for them.

Miscellaneous Hardware
Hinges, screen door sets, locks and hundreds of other items in the general class of hardware. Some of the goods will give service equal to new, others slightly damaged, and still others in bad shape.

Farm Tools
Hundreds of forks, hoes, rakes, etc., with the handles burned off. Hay forks, hay carriers and track for mowers, scythes, black, singletrees, harrow teeth, trace chains, log chains, etc. Many good as new, all at bargain prices.

Vehicle Hardware
Of such goods as singletree clips and cuffs, strap bolts, strap iron, tire iron, rod iron, bolts, etc. Big savings on these goods which are scarcely damaged so far as their worth is concerned. About twenty-five arched log cart axles, also a number of solid bar axles.

Untired Wheels
A factory shipped us a lot of seven wheels, untired, which we carry them regularly only with tires. They were sold to us at a loss to save the rubber. We have them in hand. We pass the savings along:
3 1/2 x 37 or 41, Each \$3.20
3 1/2 x 37 or 41, Each \$3.45
12 1/2 x 41 or 45, Each \$3.70

Salt Fish
In the same warehouse we have stored a quantity of salt fish in 10 lb. and 100-lb. packages. This season's pack.
Lake Herring, 25 lbs. fish \$3.88
Lake Herring, 100 lbs. fish \$12.05
Fat Mackerels, 35 lbs. fish \$10.45
Cut Herring, 70 lbs. fish \$5.45
Cut Herring, 160 lbs. fish \$16.75
Roe Herring, 65 lbs. fish \$9.50

Slate Surfaced Mill Ends
Red or Green natural slate or rubber roofing base. Two to four pieces to the roll. Makes excellent roof for any kind of building. 108 square feet to roll. Complete with nails and cement. Weight 82 lbs. Per roll \$11.00
1-Ply Per Roll \$11.00
3-Ply Per Roll \$11.50

Sand-Finish Rubber Roofing
We recently had an opportunity to purchase several hundred rolls of 2 and 3-ply rubber roofing, similar to our Spotless Standard Quality Rubber Roofing, with the exception that it has a sand finish. This roofing will be sold as long as it lasts at bargain prices. Only a limited supply. Comes with nails and cement; 108 square feet to the roll.

Blacksmith's Solid Box Vises
These are in good condition, though they show fire damage. Some of the legs are bent, but all are in working shape. Screws and boxes are in good order and all will give good service. Will stand all kinds of heavy hammering.

SPECIAL BARGAINS—Not Fire Damaged
At the same warehouse we have a lot of bargains in goods not in the fire. These are sometimes discontinued items, sometimes special goods bought at special prices, for quick sale at low prices. If you can use them you'll save money.

Do not phone for prices or condition of goods. Goods are sold on the basis of their value as a damaged article. Hundreds of other items not listed are for sale. Call at warehouse on Cary Street.
